<b>Tel No:</b>		Loss of use: Y/N
<b>Email:</b>	horseowner@xmail.com	<b>Vaccinated for Tetanus</b> Y/N

**Feed:** Hay/Haylage

**Additional Feed Requirements:**

**Tack Left:**

#### **Investigation/Procedure: Operation xxx**

I am **18** years of age or over and agree to entrust to your care the animal described above to undergo examination, hospitalisation and treatment as necessary and agree to pay all costs incurred.

I give permission for general anaesthesia and surgery as required.

I understand that all anaesthetic techniques and surgical procedures involve some risk to the animal.

In the event of finding the animal to be suffering from an incurable and impending fatal disease, I give permission for immediate euthanasia.

Horses undergoing lameness examinations will frequently be required to be lunged on a hard surface. A small minority of horses may slip over and there is a risk of injury. If you do not wish this procedure to take place then please let us know in advance.

#### **FOR INSURANCE PURPOSES:**

**Our hospital insurance only covers animals to the value of £10,000 for fire, theft etc. whilst on our premises.** If your animal is worth more than this please advise your own insurers accordingly.

#### **Use of "off licence" drugs:**

On occasions, when indicated and no alternative is available, horses may be treated with drugs that are not licensed for use in horses in the UK. When a suitable drug is not available, the next most appropriate drug on the prescription cascade will be selected. This "off licence" use of drugs is sometimes simply a different route of administration, or more often the use of a drug licensed for another species or for human use within the UK or EU.

Signing this form gives us your consent for using drugs "off licence", as described above, when clinically indicated.

#### **Passport regulations**

We may need to give drugs not authorised for use in horses intended for human consumption. By signing this form you are to sign your horse's passport as "not intended for human consumption"

I consent to anonymous use of information /data from my horse to be used for scientific publication purposes

**By signing this form, I am agreeing to all the conditions detailed above**

**Owners/Agents Signature:** .....

**Date:** 04.05.20
